https://abtiniths.me/
Stockholm, Solna

Skills:

- **HTML**
- **CSS**
- **JavaScript**
- **React.js**

- **Node.js**
- **Next.js**
- **Vue.js**
- **TypeScript**

- **SQL/NoSQL**
- **Git**
- **CI/CD**
- **Microsoft Azure**

PROJECTS:

ByggAB *(Node.js)*
- Conceived a feature-rich application, complete with authentication, error-handling, file uploads, and database management.
- Devised three distinct user roles (Admin, Worker, Client) each with tailored interactions and permissions.

QuizMaster - ChatGPT Edition *(React.js)*
- Designed and implemented an interactive quiz game leveraging the ChatGPT API.
- Enabled dynamic question-generation and real-time feedback to enhance user engagement.
- Implemented responsive design principles to ensure a seamless experience across devices.
- Enhanced user engagement by incorporating features such as score tracking, leaderboards, and adaptive difficulty based on user performance.

FashionX *(Vue.js)*
- Developed an e-commerce platform for skateboarding, boasting features like secure authentication, cart functionalities, and a user-friendly "liked items" page.
- Introduced a filtering mechanism for an intuitive product search experience.

EXPERIENCE:

Yayloh, *Stockholm* - **Software Developer**
Jan 2023 – June 2023
- Collaborated on various facets of the software development process, from branding to coding and testing.
- Designed and integrated custom UI/UX elements.
- Enhanced proficiency in React; worked extensively with AWS and serverless computing.
- Advanced SQL capabilities through interaction with structured databases.
- Authored test cases, mastering automated testing with Cypress and CI/CD via GitHub Actions.

Nilo, *Stockholm* - **Software Developer**
Aug 2022 – Oct 2022
- Led a website overhaul, crafting designs in Figma and working closely with a team for design refinement.
- Brought design visions to reality using React and Sass.
- Garnered practical insights into design workflow and honed skills with React and Sass.

Customer Service & Operations

- *Hotel & Restaurant Industry - 2010 - 2023*
- Accumulated over 10 years of hands-on experience in the demanding hotel and restaurant sector.
- Cultivated exceptional interpersonal skills through constant interaction with a diverse clientele, managing their requirements and resolving any challenges they faced.
- Acquired proficiency in multitasking, team coordination, and maintaining high standards of service under pressure.

PROFILE:

A Junior developer with a rich blend of technical prowess and a decade-long background in the hospitality sector, underscoring robust interpersonal skills. Comprehensive expertise in JavaScript ecosystems, front-end and back-end web development, complemented by a keen interest in AI. Equally at ease coding in a bustling workspace or engaging in intricate client discussions, thanks to years of service in fast-paced hotel and restaurant environments. Adaptable, diligent, and continuously seeking to merge the art of human engagement with the precision of code. Aspiring to harness this unique synergy of tech and touch in forward-thinking tech firms, especially those poised for global impact.

EDUCATION
IT-HÖGSKOLAN - 2021-2023
JavaScript-Developer
